ABOUT ME

Computer Science student at the Universitat de Barcelona with a strong background in cybersecurity, cloud and software development (IBM, Microsoft Azure, React certifications).

Currently on a software-engineering internship at Zurich Insurance (React / TypeScript), and working as receptionist at Salut i Sports Dinamis. Previously 4 years coordinating teams as a bartender at Bar Vila Vella.

Self-taught since 2014 across a range of tools · from Adobe Premiere and Blender to Linux system administration and introductory offensive security.
